JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 19 January 1960

- 1. Taiked with John Sipes, State Department, who asked about passport legislation questions at yesterday's hearing before Secate Foreign Relations Committee. I gave him the general picture and premised to give him more specific information if we were able to get a transcript.
- 2. Mice Elizabeth Peoples in the office of Senster Albert Gore (D., Tenn.) telephoned to inquire if as a result of General Cabell's letter to Senster Gore General Cabell could have lunch with Senator Gore temperow. I assured her we would let her know later today.

Arrangements were made firm for 12:36 in the Senators' Dining Rosen in the Capitel.

- 3. Harry Carter, USIA, telephoned mentioning that George Allen was to appear before the House Science and Astronautics Committee and asked for any help we could give them in this connection. Arrangements were made for a meeting with Carter on Thursday, the 21st, after the Agency has appeared before the House Science and Astronautics Committee.
- i. Representative William G. Bray (R., Ind.) visited at the Agency for a luncheon meeting. Present from the Agency were: Robert Amory, Jr.,

 Broasen Tweedy, and John S. Warner. 25X1

 The Congressman gave us copies of his report of his travels in Africa and reported orally on some of his impressions. He seemed genuinely pleased with the opportunity to visit with us and discuss his trip and

pleased with the opportunity to visit with us and discuss his trip and assured me it had been a worthwhile visit for him. We applied that both Mr. Dulies and Coneval Cabell were unable to be present at lunch and he accepted this in good grace.

5. Column Reduction in the office of Legislative Liaison, OSD, telephoned inquiring if the Director's statement before Senate Foreign Relations could be made available to the Air Force. I alerted him to our arrangement with General Twining's office specifically with Captain Gray wherein we had made available a copy of the Director's statement before the Defense Subcummittee of House Appropriations to General Twining on behalf of OSD and, therefore, suggested that he check with Pat Gray.
